

Items of Interest from the Cloak Department.

This department is continually inaugurating star performances. It is continually trying to outdo the whole house in value-giving, and very frequently it comes dangerously near doing it. For to-morrow some particularly skilful price-carving has been done, and there isn't a woman in New York who will not find something to interest her here to-morrow.

FIRST, THERE'S THE \$200 SEAL-SKIN JACKET MADE TO ORDER FOR 125.00 We made this offer last week and it was to hold good so long as the seal-skins lasted. There are a very few more. Will you be one of the fortunate "few"? The skins are the finest, and the style of making and the selection of the lining we leave entirely to your desires. We guarantee absolutely perfect workmanship, and a perfect fit. The finished garments may be seen on exhibition as long as the offer lasts. A \$200 Alaska Seal-skin Jacket made to order for \$125 is not an everyday occurrence. Don't, therefore, miss the opportunity.

\$25 TAILOR MADE SUIT FOR 15.75 These suits are made of fine Venetian cloths and English covert mixtures. They are all-lined throughout, and the skirts are made with the graceful new flounce, the jackets are cut fly-front style, and trimmed with strap seams—in fact, they're \$25 suits in every respect, except the price, for 15.75 Monday.

\$12 JACKETS FOR 7.00 Your choice of fine Kersey or Boucle, beautifully made up, strap seam trimming, and lined throughout with silk serge. The popular double-breasted style, which elsewhere 7.00 brings \$12, to-morrow for 7.00.

\$5 MACKINTOSHES FOR 2.95 These are durable and jaunty affairs, made of small Scotch checks in navy, green, brown or slate color. There are also fancy stripes, wide wales and plain cashmeres, made with single or double capes, and plain or plaided back. The actual value is \$5. Choice Monday at 2.95.

\$6.50 TAFFETA WAISTS FOR 4.75 Choice of fine Black Taffeta or Satin of good quality. Some are corded, some are tucked, and all are made with plaited backs, blouse fronts and detachable collars of same material. These waists could not be equalled elsewhere for less than 4.75.

Another Week of Great Value-Giving In Underwear.

To put off buying now is false economy. One can't get along without warm underwear, and later you'll be compelled to buy the same thing at much higher prices. Take time by the forelock, and save a dollar or two.

Many of the lots on sale last week have disappeared, but there is still a goodly number of bargains to be had at prices such as follow:

The Beauty of a Carpet, as well as its durability, has consideration here. We are not satisfied because a carpet is only beautiful—it must wear as well. To-morrow we amply prove this claim, and also illustrate our low price policy at the same time:

The Scope and Success of a Business Depend Firstly Upon Its Stocks.

Let them be wrong—and all is wrong. Let them be right, and all other things usually right themselves. It is for that reason that all our energies are bent upon keeping our stocks in perfect shape—large enough always to permit the entrance of every new idea, every new style, every desirable thing that is to be had; small enough always to prevent any lagging, accumulation of old goods or odds and ends. Our Fall Stocks are now in full bloom. Every department is now at its best, and every price at least as low or lower than merchandise of equal merit can be bought for anywhere in this country.
